| Annie Haddon   | Ray Stanley   |
| Julie Hays     | Alan Youdell  |
| Carey Jennings |               |

## ACKNOWLEDGEMENTS AND THANKS

BMX Australia recognises the partners who contribute to the growth and development of BMX in 2012.

**Australian Government**  
**Australian Sports Commission**

## **PRESIDENT'S REPORT**

In this report I hope to cover some of the main points which have been foremost in the sport over the past months also touch on some initiatives. This year directly after the National Titles were held in Mt Gambier we said good bye to Nicola the BMXA General Manager of four years. Nicola's work ethic was of a high standard in the period she held the position as General Manager and Nicola implemented many of the board's initiatives which are in play today.

Interviews were conducted and I was pleased to have the Australian Sports Commission (ASC) representative Mr James Selby in attendance. The successful applicant was Mr Mark Louis. Mark took up his position on the 21<sup>st</sup> of May as the BMXA General Manager. I believe with Mark's back ground he will be an asset to our team.

### **Events**

Before going on with my report I would like to take this opportunity to thank the BMXA board and staff and also the Blue Lake BMX Club and all the volunteers for all the hard work that was undertaken at this year's Nationals. The National titles were held in Mt Gambier this year and the event was a great success in both areas of finance and delivery. Included in this must be the legacy that was left for the BMX club a much improved facility than they had before. The Mt Gambier Council expressed their pleasure with the amount of families and finance the event brought to the Mt Gambier local business area.

The great success of this event also highlights the hard work done over the past six years by the board and staff in the development and implementation of the current Nationals concept. As for the current events portfolio it is clear we have a great product in the BMX Nationals which has been developed and now this can be fine-tuned by the office event staff with some involvement of board.

It's now time to look at where BMXA is not achieving its events goals and this is in the area of international events. The time has come for the Events director to work on a written strategic plan and implement this plan and approach governments and councils to acquire their partnership and bring international UCI events to Australia on a regular basic. This needs to be a priority for this portfolio.

### **BMXQ and 2013 Nationals**

There have been several meetings with BMXQ already setting in place the corner stone's for next year's Nationals, so far everything is looking positive and BMXQ seem to have a great team on board.

## Media

Again having the Nationals broadcast on SBS is another initiative the board set for itself some four years ago and I feel it is giving our sport exposure however I do believe we need to look to the future and go down the track of main stream television. This will help in getting the sport even more exposure to the Australian community.

2012 Olympic Games BMX Team

Andrew has done a terrific job since coming on board in the area of media. I feel media is heading in the right direction for the first time but we have a long ways to go in the journey before catching up with main stream sports like the AFL. If you look at the above HPP picture it shows how far we have come towards being more professional, as you can see the fold out media banner in this photo has been an initiative brought in by the board in past couple of years.

## National Sign On Day

The National television advertising was a great success not only for the purpose of getting bums on seats but again this advertising has had a two prong affect in that it was a great tool to raise the profile of the sport in the Australian community. Again this year radio was also an important part of our advertising campaign. This was another great initiative which has come out of the BMXA board and office team. I would like to see this great initiative expanded to take in all cycling disciplines'. This I feel would be a good milestone for integration.

### **Sleeman Sports Centre**

As I have stated before I have had the pleasure of working with the Queensland State Government to bring this complex to its completion. After the State Government committed 4.8 million dollars to build this world class facility it is finally finished and is a brilliant facility for BMX. Now this venue is completed BMXQ have successfully bid for three Nationals to be held there in 2013, 2015 and 2017.

I would like to see more facilities like this one developed around the country. I am very keen to work with other State Governments; there have been a few Councils and State governments come and look at the Chandler complex with a view of maybe replicating this facility in their state.

### **Commonwealth Games**

I have brought to the table in the past the BMXA boards endeavours to move the sport of BMX into the Commonwealth Games. As I have mentioned before documents were completed and they were forwarded to Mr. Mike Hooper the CEO for the Commonwealth Games Federation based in London. We have also had Mike Victor on our side. Mike is the ex-President of CA, Mike also is VP of the Australian Commonwealth Games Federation Mike went to St Kitts where a meeting was held and Mike did a presentation on BMXA's behalf to the entire Commonwealth countries, at this stage I am still hoping for a positive outcome.

### **Integration**

Integration with Cycling Australia came to a stop earlier this year due to the continued failings with the service agreement and all states were updated at the Nationals in Mt Gambier and there was a further update along with discussions at this year's mid-year conference. Together with Cycling Australia and the ASC I feel we can work to place integration back on the rails and move forward towards the end game. The ASC have been very supportive of the direction the BMXA board has taken the sport over the past six years along with the KPI's and milestones which has been met. If there is any attempt to try a bottom up approach which has been expressed in discussion papers it will fail without national support. In saying that with the current internal changes which have taken place within CA being positive I feel now if there is an honest approach with integration the outcome for all cycling could be positive. One thing is clear in this process BMX needs to keep control of its direction of the sport in any integration process. BMXA needs to access to what extent CA has integrated with other organizations, this is to ensure the original intent is still the same.

### **Marketing**

There is an amount of interest in BMX from outside parties in the form of partnerships. This is across the sport generally and includes the HPP. I am very excited to explore this further

with hopefully a long term association with major company's and main stream media. Mark, Claire and myself have attended a meeting with a major marketing company and if all the fruits come to bare it should be a great partnership.

### **HPP**

Our HPP has delivered for the sport at this year's 2012 world titles with both the men's and women's achieving great success. Athletes and coaches alike need to be applauded for this great achievement. As I hoped this has continued through to the London Olympics with Sam receiving the Silver medal and other BMXA athletes achieving semis and finals. Another milestone for the sport of BMX in January was that sport achieved AIS backing and now our athletes can receive AIS scholarships and access to the AIS. I do believe we need to look at how the HPP is structured for the next Olympics so as the best results can be delivered. This is where I feel it is important for BMXA to have representation on the CA HPP management committee.

### **Freestyle**

There needs to be a review of Freestyle BMX and its path. In the past this portfolio has been handled by the VP and I feel it's time we brought this back. I would like to see a strategic plan developed and put forward from the VP for the board's approval. This paper should be on how we can develop the sport of Freestyle BMX further over the next two years.

### **Reedy Creek**

I have had many meetings with Council about the proposed centre of excellence. Even though the development has been stalled due to court action by the current residents the Council has reaffirmed their commitment for BMX to develop the site when it becomes available. This development is one of the most important projects BMXA needs to achieve for the future development of athletes.

### **Officiating & Coaching**

We now have the syllabus for coaching and officiating up and running. It's my belief there needs to be controls in place with signing off from the office and the NOD to any programs being delivered. This is not only to keep ownership but to keep a track on who is running programs so there is no crossover.

## Finance

As for the current financial status of the BMXA organization if one was referring to a person health check you would have to say it's very healthy. The Finance Director has undertaken to look into term deposit and other banking requirements for the future and will report back in due course on recommendations.

## Mighty Elevens & NZ Test Team

I recommend BMXA continues to under pin BMX NSW with its current financial support for the next two years. I believe this along with the test team is an important part of development of our younger athletes, along with the test team they go hand in hand. Just a quick thank you to Andy & Steve Dinmore for their continued work with these athletes.

## Probikx / Champbikx

Finally this series after many years of hard work has reached the goals by creating the pathway for our up and coming athletes to be identified for HPP and again I must mention Andy Mellish for he has put in the hard yards when the series was getting off the ground. I believe this year's Nerang event was in a one word description a cracker, the best one I have had the pleasure of attending. The track presentation also how well the event was run and not forgetting the media which was superb.

## Funding Raising & Special Schools

I have had the pleasure of attending a few special schools to talk about BMX even though these children can't ride bikes they do follow BMX and our elite athletes and are fans of the sport. We as an organization need to recognize this and cater for such fans of the sport.

During the year it was brought to my attention that one of our young athletes was terminally ill and his family was doing it tough, mum had to give up work to look after her son. BMXA did fund raising and there was a cheque presented to the family at a BMX event which was well received. We also arranged for the Olympic team to sign a jersey for young James and the presentation was done by the whole team photo below.

### License Structure

There needs to be a review of the BMX license structure and this review should take into account families with more than three riders the fourth rider being free. This review needs to include a loyalty program one year free after five years of continued license is achieved by anyone member. The review also needs to address the cost of a sprocket license. I feel it's time for the sprocket license and club license to be cost compared. The opportunity is now to do this restructure with the introduction of the BMX Mini Wheeler Membership to BMX.

I would like to take this opportunity to thank my fellow board members for the time they have given and this includes our valuable staff who have worked hard sometimes under difficult conditions .

Yours in the sport of BMX

**Barry Knight**  
**President**

## FINANCE DIRECTOR'S REPORT

BMX Australia continued to have a strong financial position throughout 2011/12.

### **In Events:**

Development in the National Series continued and financial investment in UCI events helped to ensure that Australia was able to send the maximum number of riders to the Olympics. There will be an investment made in the National series again this year to attain UCI rankings as under the new UCI qualification for Junior & Senior Elite, Australia needs to ensure that we can send maximum numbers to Auckland.

A review of the series is occurring as I report this and there will be an extension of classes at the series to accommodate those riders that choose not to enter Elite classes. The National body will continue to support the series as part of our development programme.

We also continue our financial investment and support with the Trans Tasman team.

The National Championships were once again a strong event financially and funds are now invested to assist with the development of Reedy Creek on the Gold Coast once that becomes available to us.

The expense side of the World Championships is over inflated due to there being 2 World championships in this financial year (July 2011 & May 2012). The income for 2011 World championships is predominately in last years figures.

### **In BMX Australia:**

Membership levels are up on previous year and the office is now tracking the membership levels on a monthly basis with an emphasis on looking at retention and also the percentages of riders that transfer from a 4-month membership to a full license. As this is the prime source of income (directly or indirectly) for every Club, State & National body it is important that we all take ownership of these numbers and identify why people may not transfer from a 4 month license & continue with the sport.

The new category of BMX mini wheelers will give an added boost to your clubs activities if they choose to invest in the category.

A financial investment is being made into TV ads throughout the end of the year to support the hype that went with the Olympics and to entice new members to the sport.

A big thank you has to go to our tireless hardworking staff and a personal thanks to Mark whose knowledge of MYOB and all things financial has been an added bonus for me and has enabled us to tidy up the reporting even more with a decrease in encoding errors and better monthly reporting for the board.

**Sally Howie**  
**Finance Director**

## INTERNATIONAL DELEGATE REPORT

During 2011 and into 2012 BMX continued to have a healthy growth around the world. It is clear the inclusion of BMX in the Olympic Games has had a positive effect on BMX, not only on the high level competition but also on the grass root level. It's estimated that the number of tracks, clubs and licensed riders has grown close to 17% in the last couple of years.

2011 was a very productive year for the development of BMX internationally. The UCI BMX World Championships in Copenhagen were a resounding success with 39 Nations participating and over 2000 competitors. Competition was intense and provided great excitement for all spectators. The finals were broadcast direct and received an extremely positive response worldwide.

Supercross 2011 and 2012 World Cup events confirmed its position as the premier BMX series in the world. For the first time ever the BMX Supercross world cup was hosted on the African continent with round 3 being held in Pietermaritzburg, South Africa. In line with the UCI's strong commitment to increase TV audiences for BMX, for the first time BMX Supercross World Cup events were all broadcast live and the encouraging viewing figures ( over 500,000 downloaded views ). This demonstrates to me that BMX is a youth oriented sport and has a great following for online live broadcasts and a long future in the media.

The 2012 UCI BMX World Championship in the City of Birmingham UK was a resounding success for all. There were 42 Nations and 2500 competitors and a huge spectator attendance. This was the largest indoor arena BMX has used to date it was a very exciting and well run event.

I would like to congratulate all the Australian riders on their behaviour, and sportsmanship as well as their achievements as they represented Australia as true ambassadors.

The UCI BMX World Championships in 2013 will be in Auckland, New Zealand which should make the cost of travel more accessible for our Australian riders to attend. It will also be an indoor event in a great location which is very central and within walking distance from hotels and restaurants in the city area.

The 2014 UCI BMX World Championships will be in Rotterdam Netherland, and the 2015 UCI BMX World Championships will be in Zolda, Belgium. Nominations to host the 2016 UCI BMX World Championship is open for all nations. The bid must be submitted at the latest by the 31<sup>st</sup> January 2013.

The next Youth Olympics will be held in China in 2014 and promises to be more exciting as the IOC will be making improvements to the format and criteria for our competitors.

2012 Olympics will have 32 Elite men and 16 Elite women participating in the BMX event. The BMX track has been specially designed for the Olympic Games and is located in the Olympic park adjacent to the velodrome. The track incorporates technical jumps, obstacles and right bends. It is 470 metres long for men and 430 metres for women, and the venue can accommodate 6,300 spectators. After the Games the track will become part of the Velopark, a legacy facility for cyclists of all levels.

I would like to make some recommendations that I feel it is time for BMXA to adopt. We need to adhere to all of the UCI BMX rules to obtain consistency for our riders who compete in other countries, as well as for any international riders that come to race in Australia. The UCI BMX rules are now being used in most Member BMX Nations.

I would also like to see that Australia keeps up with the rest of the world with it's track building. We are lagging behind and our riders are suffering because of this. This was very evident at the World BMX Championships in Birmingham, where our riders were not achieving to the best of their abilities. Our tracks are too tame and not challenging enough and it is essential that they all have a 5 metre ramp.

To change we have to eliminate all the BUGS, which stands for:-

B is Bitterness

U is Unforgiveness

G is Grudges

S is Selfishness

How do we become proactive? We take charge of our own sport.

BMX is very unique as it has its own social culture and it plays a role in forging identity and brings people and nations together both socially and economically.

I would like to see BMX as a sport that is recognised for global excellence from the ground up and from administration right through to competition. I firmly believe that this is achievable with the support, cohesion and cooperation of all the states and clubs.

We are all required not only to drive and administer the sport, but to show our commitment and willingness to embrace and adopt new ways of thinking and improving the sport of BMX

between now and the 2012 Olympics and beyond. By this I mean we must utilise our competitors to promote the sport and teach them the correct protocol for interviews. For example they should mention the governing body of BMXA and the support of the Australian Sports Commission and the AIS. They should also wear their team Jerseys for interviews like all other Australian Olympians.

I would also like to see partnerships develop with the private sector which will expand the boundaries of involvement in the sport of BMX. It is vital that we do not let any opportunities pass us by this time. We are now an Olympic sport with an extremely high ranked Elite squad internationally and therefore sponsorship should be more attainable. We have the goods so lets make the most of it.

I would like to take this opportunity of congratulating BMX Australia's High Performance team on their achievements in 2011 and 2012. Their world ranking indicates they are now the number one Nation in the world which will allow Australia to have 3 men and 2 women competitors at the 2012 Olympics in London. Special mention must be given to our Junior Elite squad whose performances aided our high ranking with a Junior Men and Women champions at the 2011 UCI BMX World Championships.

I would like to inform you that there are new UCI BMX rule changes which will come into effect for the 2013 World Championships.

The 2012 Olympics Games in London were rated in the top 10 for worldwide audience. We reached 4.5 million homes, and gained a higher rating than in the 2008 Beijing Olympics. The only complaint received was that the program was too short.

I have already commenced discussions with members of the Olympic Committee to increase the number of competitors to extend the program. I have been informed that BMX as an Olympic sport is safe for many more Olympics. I would like to mention how proud I am of our riders particularly Sam Willoughby and Caroline Buchanan who gave more than 100%.

As an International BMXA Delegate I would like to strongly recommend changes to the selection process and criteria's which I will discuss further at the BMXA Board meeting followed by a recommendation at the BMXA General meeting.

In closing I would like to take this opportunity to thank the BMXA President, Mr Barry Knight and his board members for their support over the last 12 months. I look forward to participating in the future growth of BMX in Australia.

**Abe Schneider**

**BMXA Board Member & International Delegate**

## NATIONAL OFFICIATING DIRECTORS REPORT

Below is a report on the activities that I did as the National Officiating Director, Australian Test Team Manager, Events Committee Member and Board Member for the past year.

July 2011: Help BMXA office with Worlds.

August 2011: Get ready for the Officiating Conference.

September 2011: Board meeting and Officiating Conference, Race meeting at Sleeman BMX track, Get ready for New Zealand with the Australian Test Team.

October 2011: With the test team in New Zealand.

November 2011: Board meeting and AGM, events for 2012 UCI, Officials for events National Probikx/Chambikx/UCI rounds, Travel to Mount Gambier for track inspection.

December 2011: Get ready for Nerang Probikx/Chambikx/UCI round.

January 2012: Probikx/Chambikx/UCI/Test team round at Nerang, Probikx/Chambikx round at Bunbury WA.

February 2012: Board meeting, Get ready for ACT Probikx/Chambikx/UCI event.

March 2012: Probikx/Chambikx/UCI event.

April 2012: Get ready for National Championships Mount Gambier. National Championship event.

May 2012: Brisbane pre 2013 Nationals meeting, Worlds in Birmingham UK.

June 2012: Board Meeting and Mid-year Conference, Level 2 Official's Course.

Throughout the financial year I have also done a number of other jobs including:

Officials for Nationals and

Probikx/Chambikx/UCI events

Numerous phone hook ups

Letters to UCI

Officiating e-mails

Numerous phone calls to and from the BMXA office and State officials.

**2012 Trans Tasman Test Team**

**Andy Mellish**

**National Officiating Director**

## EVENT DIRECTORS REPORT

### 2012 National Championships

This event was one of the most successful ever and is now the new bench mark for National Championships. The Blue Lake BMX Club gave Australian BMX the WOW factor and now we have to keep up this standard and improve on this event. The event numbers were slightly down on the previous year at Cairns but you would never have known.

**Blue Lake BMX Club at Night**

### 2013 National Championships

We find ourselves in Queensland for this event and this will be my first full event as the Event Director and I am looking forward to working with the BMXA staff and Queensland in producing an event with improvements on 2012.

**Cameron Murray**  
Event Director

## GENERAL MANAGER'S REPORT

2011/12 has been a year of change across many areas of BMX Australia. I would firstly like to acknowledge Nicola Tyre's contribution to BMX Australia over the majority of 2011/12 in her role as General Manager and I am pleased to say Nicola handed over the reins to me with BMX Australia in a great position.

We are already seeing times of significant progress in BMX and it is an exciting time to be involved. I would like to thank the President, Barry Knight and the Board for the opportunity as General Manager of BMX Australia, a position I take very seriously and only with the best interests of our membership.

### Membership

The 2012 membership year had a challenging start with the implementation of the new IMG database. With the initial hurdle now overcome it has become evident that over the last twelve months BMX Australia has seen a significant increase in memberships from 2011. The increase can be attributed to the successful introduction of the 4 Month Membership which replaced the 3 Ride Permits earlier in 2012. Recording this membership information when it hasn't previously been is vitally important in developing key membership strategies for the future. Please refer to the Status Report at the back.

I am extremely excited about the new membership category, 'BMX Mini Wheelers', which commences in 2013. We are now working on the administrative requirements for the introduction of the new category.

With continued focus on our efforts to ensure the highest standard of servicing to new and existing members we hope to continue the growth of membership in 2013.

### Finance

From a financial point of view, we continue to operate in accordance with sound procedures and a tight budget. The financial surplus from ordinary activities amounted to \$86,730 for BMX Australia and \$18,788 for BMX Events. A combined surplus of \$105,518. I'd like to acknowledge the work that Sally Howie has contributed to the organisation over the years in keeping us on track and reporting to the Board and the membership on our financial situation periodically. BMX Australia is regarded in high esteem within the national government with regards to its financial position in comparison to where it sat 6 years ago.

We have already begun to implement processes aimed at further increasing our financial well-being without impacting on the pockets of families. However, there is much to be done as we strive to place BMX in the forefront where it belongs.

#### Partnerships

Our ability to attract partners at all levels is yet to be realized. We are yet to convert our membership numbers and exposure into real commercial benefits. The challenge is for us to have the markets invest in our products.

I thank the Australian Sports Commission for their continued support of BMX and Freestyle BMX at a community and high performance level.

The support we receive from the Australian Government through the Australian Sports Commission and the Australian Institute of Sport was again very significant. In addition to the major contribution to the funding of our successful High Performance Program through Cycling Australia and sport development programs, BMX Australia benefited from participation funding used in initiatives aimed at the increase in participation of our sport. All these programs support our capacity to grow and develop as an organisation.

#### Cycling Australia

The service level agreement BMX Australia has with Cycling Australia has been re-negotiated and now all parties have a clear understanding of expectations with dispute resolution clauses if we ever have the need. I am excited about BMX Australia's relationship with all the Cycling Australia staff and I thank Graham Fredericks and Melinda Tarrant for their professionalism and I look forward to working with them into the future.

#### Officials

As we strive to grow our membership it is also important to grow our officials and provide them with the training and expertise to deliver quality events and share the workload. The training and development of our officials has progressed considerably over the past six months.

The new online Club Level 1 official quiz, membership and Code of Behaviour agreement has been very well received and supported across most states. We have received a lot of positive feedback that the program delivers the basic training needed to provide confidence to new people to the sport of BMX to assist with officiating roles at a club level. With further communication and support by states and club administration it is certainly achievable to further grow our numbers.

The new Level 2 (Open and State) Officials Accreditation Program became available half way through the year and BMX Australia will continue to encourage states and territory's to focus on further training and supporting our volunteers.

The National Level 3 training workshop was not conducted prior to the 2012 Nationals due to insufficient applicants. We will be conducting a Level 3 training program around the time of the 2013 Nationals in Brisbane.

#### National Sign On Day

The National Sign On Day for 2012 was held over three weekends in February to compete with several other sporting codes' registration days. Out of 108 BMXA clubs, 61 clubs registered to hold a day, and 1950 show bags were purchased.

There were significant disruptions at the beginning of the year due to some horrific weather, however, most clubs were able to reschedule their "National Sign On Day" and still produce a great marketing campaign to their local community.

For National Sign On Day 2013, BMXA endeavour to work closely with the State bodies to ensure all BMXA clubs can benefit from this national marketing campaign.

#### Events

The Blue Lake BMX Club hosted the 2012 BMX National Championships and presented an outstanding venue overall. The track was technical, challenging and a well flowing track. The hospitable staff and volunteer base created a welcoming and enjoyable experience for all who attended. Congratulations and well done the Andy Stott, Club President and all the committee, volunteers and Mt Gambier community on an outstanding event. From a BMX Australia point of view it was the best National Championships yet.

#### Communications

BMX Australia's communication platforms continue to evolve through social media channels such as Twitter and Facebook. Coupled with e-newsletters and website news and information updates, the BMX community is informed in a number of ways both on the go via mobile communications channels or the more traditional. Further work is still to come in these areas that will deliver rich content to users and those with an interest in the sport.

Media interest and media coverage is on the rise across the sport at both the national level focusing on the elite riders competing at international events but also at the local or "grass roots" level. One of the biggest boosts for the sport in recent years came via an hour long program dedicated to the National Championships which was broadcast on SBS.

## High Performance

2012 will be a year to remember for our high performance achievements.

- Olympic Games Silver Medal – Sam Willoughby
- World Champion – Sam Willoughby
- Time Trial World Champion – Caroline Buchanan
- Men's World Cup Series Winner – Sam Willoughby
- Women's World Cup Series Winner – Caroline Buchanan
- World Champion – Desree Barnes – U10 Girls

I would like to thank the great work being undertaken by Wade Bootes our BMX High Performance Coach and Paul Sales the Assistant High Performance Coach over the last few years in the lead up to the Olympic Games. This is the pointy end of town and the ability shown in producing a team of athletes who are on top of the world rankings and perform so highly at one of the largest events in the world cannot be understated.

I would also like to thank Sharon Willoughby for her outstanding work with the National Athlete Development Program. These riders are the future of our sport and providing them with elite level development will assist in us maintaining our dominance in the sport.

BMX Australia will be working to further support the High Performance and National Development Teams moving forward as we strive to achieve world class results up to and including the 2016 Olympic Games in Rio.

## Acknowledgements

The staff at BMX Australia will continue to play an important role in providing quality service to the Membership. To all the staff at BMX Australia, your professionalism and commitment to the company is of the highest order and I would like to express my sincere thanks.

It is important that the constant efforts of the Board are acknowledged. While providing clear direction, both singularly and collectively, the Board members have remained focused on what is best for BMX Australia throughout the year.

I look forward to a year of exciting BMX and continuing to provide the Board and Members with service and support.

**Mark Louis**

**General Manager**

## HIGH PERFORMANCE REPORT

With all major events now finished for the 2012 season and the end of a 4 year cycle, I am proud to report that the BMX Australia HP program has developed and delivered in the final year. Australia was ranked the number 1 Nation leading into the Olympic Games in both men and women, currently ranked the leading Nation in UCI World Rankings in both Men and Women. Australia is leading the individual Men and Women in both UCI individual World Rankings and won the Overall SX World Cup series. Not to mention 2 World Championship Gold Medals.

Australia had the fastest laps in both men and women leading into the Olympic finals, where Sam Willoughby earned a silver medal for his outstanding performance. What an outstanding year for BMX Australia. The HP riders are continuing to demonstrate they are performing against the rest of the World's best riders at International competitions. We have 3 riders (Sam Willoughby, Brian Kirkham and Caroline Buchanan) capable of medalling at World Cup / World Championship level and an additional 5 riders (Khalen Young, Anthony Dean, Lauren Reynolds and Melinda Mcleod) with potential to medal by qualifying in recent World Cups or World Championship Elite finals. This has given us a great depth of riders, 4 Men and 3 Women that are capable and have the potential to podium on the World stage.

During the last World Cup event in Canada we also saw more HP and Australian riders doing well and potentially have a great career ahead with the likes of Kirsten Dellar 2<sup>nd</sup> place, Darryn Goodwin 9<sup>th</sup> and second year Juniors Bodi Turner and Rachel Jones qualifying at their first World Cup.

It is amazing to see the support the program and individual riders are now receiving from the HP system, the BMX industry, corporate world and close friends and family. It is a massive team support network for the riders and it is great to see in BMX.

- 2012 National Championships

It was great to see the National Championships was a well presented event and that we had some of the HPP athlete's competing. This was always going to be a difficult event due to all the travel the athletes have been doing this year. We were cautioned by our medical staff that a risk of illness could evolve during this time and plans were implemented as best as possible. As predicted some of the HP athletes did come down with illness, and I believe the decision to minimise some of the travel for some athlete's helped with their success at the World Championships.

- 2012 World Championships

2 Gold Medals, Caroline Buchanan in TT and Sam Willoughby winning the Elite men's final. Australia had 7 of the 10 World Team members make it into the TT Super finals and also a 4<sup>th</sup> place in Elite men's final with Anthony Dean and a 5<sup>th</sup> place in Junior Women, Rachel Jones. With the Worlds being indoors and the speeds the riders are now hitting, there was going to be some crashing. This seen a few of our great riders getting taken out in the earlier rounds.

Our HP Staff and Team riders created a great environment for all to perform to their best and it was a great team effort by all that made the program a success.

- HP SX Invitational Training Days

I would like to thank the States, coaches and riders who took up the opportunity to attend and help develop themselves for SX / Worlds events. This also gave the HPP an opportunity to identify potential World team members which some of the performances on these days provided evidence to support the decision made in selecting athletes. These training days will become even more important in the future as we start to plan our next succession plans for athletes wanting to perform on the international stage that reach the bench marks of our National Performance Standards.

- Olympic Games

What an effort from all of the Olympic selected riders and support staff during the final stages. It is amazing the amount of support the AOC provide the Olympic program to help the riders with their performances. Prior to the Olympic finals, Australia had a great chance to take out both Gold medals with how the riders were competing. To come away with a Silver medal is still an outstanding performance for Australia and provides us with the motivation to come back even better next time.

### 2013 HPP International Race Schedule

A final schedule is still TBC for the HPP. A focus on World Championships and some World Cups will still be a priority with a few other international events to be targeted for some individual athletes to help with their development during the year.

### 2012/13 HPP Camps

The HPP will be conducting more Invitational Training days at the Sleeman Sports centre as we start to target future World Team members and 2016 Olympians. Paul Sales – Assistant HP Coach will be coordinating these events with State Coaches and riders. This will provide the opportunity for more riders to be developed in Australia. At the moment we have domestic camps scheduled for October, November, December, January, March and July. International Camps will also start in October with Junior's and other International Camps have yet TBC.

### Nation's Olympic qualifying points.

As the sport of BMX progresses and the changes we will soon see at the Elite end of our Sport, it is crucial that we, BMX Australia try to move with it and prepare the athletes to a standard so they can perform and not just participate. With some of the BMXA Board members and State Presidents in attendance at this year World Championships, they have now seen up close how the sport of BMX has changed and the depth of rider's World Wide. We can no longer be content with Australia's best if we want to perform internationally. Our

HPP National Performance Standards will be the bench marks and facts of International BMX racing in the future.

The future will be exciting as we work on developing more National riders and help maintain the success of the program we have created in the past 4 years.

Thank you for your continued support of the High Performance Program, if you have any questions please feel free to contact me.

**Wade Bootes**

**National HP BMX Coach**

2012 World Champion – Sam Willoughby

## National Athlete Development Team

This year started with a three day camp in September in Adelaide staying at the West Beach Holiday Park. The reason for holding this camp was to test the riders earlier in order to set a program to prepare the Trans Tasman Test Team riders for racing in October and conduct the testing earlier so that the results could be compared to the results at the camp in January. Paul Sales and Josh Sear attended this camp and Olivia Warnes presented a session about Nutrition to the riders, Chad Higgins conducted a session on basic bike maintenance, packing and unpacking your bike. The expectations of NADP riders and the agreements were covered along with a follow up session on nutrition which involved setting goals to improve the choices made by the riders in regard to their choices in nutrition. This camp was valuable in meeting the riders and allowing them time to get to know me and each other.

**2011/12 NADP Squad**

In January 2012, the NADP participated in a camp at Runaway Bay which this year commenced before racing at Nerang and continued after racing as well. The camp was held for nine days and assisted the riders with setting goals, developing and understanding training, skill development, nutrition, recovery, time management, routines in preparation for the upcoming Probikx and Champbikx Series, National Titles and World Titles. The riders completed the Beginning Coaching Course, were involved in follow up testing from the September camp and attended a session at Sleeman to introduce the riders to the SX ramp and track. I also conducted a training session for coaches on the SX ramp and used the NADP riders who were old enough and confident enough to assist with this.

The follow up testing at Nerang showed improvement especially in the area of decreasing skinfolds which had been something that was targeted as a team goal and it was pleasing to see that the riders had a better understanding and appreciation of the tests asked of them.

The session at Sleeman on the SX ramp and track was extremely valued by the riders who were aged 16 and over were wrapped to have this experience and opportunity.

From the 2010/2011 Champbikx/Probikx Series we saw the National Athlete Development Team retain Jade Parker, Harriet Burbridge Smith and Brandon Te Hiko in the new 2011 – 2012 NADP team with the addition of two Jnr Elite Men – Jordan Lecher, Max Cairns, two 16 Girls – Rachelle Smith and Abbie Blackburn, one 16 Boy – Clayton Zarb and one new 15 Girl and Boy – Jessica Lathwell and Matthew White

It was pleasing to see that Bodi Turner and Corey Frieswyk were selected again this year into the High Performance Squad for the 2012 World Championships along with Rachel Jones from the NADP Team.

The National Athlete Development Program for 2012/2013 will consist of

|                 |                         |     |
|-----------------|-------------------------|-----|
| 15 Girls        | Jessica Lathwell        | WA  |
| 15 Boys         | Matthew White           | VIC |
| 16 Girls        | Rachelle Smith          | WA  |
|                 | Abbie Blackburn         | QLD |
| 16 Boys         | Clayton Zarb            | QLD |
|                 | Brandan Te Hiko         | VIC |
| Jnr Elite Women | Jade Parker             | QLD |
|                 | Harriet Burbridge-Smith | ACT |
| Jnr Elite Men   | Jordan Lecher           | NSW |
|                 | Max Cairns              | VIC |

Due to the Olympic Games the World Championships were held earlier this year and 12 riders from the current and future NADP team competed at Birmingham.

The squad members who competed were

- **Matthew White** 14 Boys ... **4W**
- **Rachelle Smith** 15 Girls ... **4W**
- **Brandon Te Hiko** 15 Boys... **4W**
- **Jade Parker** 15 Girls ... **7W**
- **Harriet Burbridge Smith** 15 Girls ... crashed in **semi**
- **Aaron Nottle** 16 Boys ...crashed in **semi**
- **Tristyn Kronk** 16 Boys ...crashed in **semi**
- **Sarah Harvey** Jnr Elite ... 9<sup>th</sup> in Time Trial, **motos**
- **Rachel Jones** Jnr Elite ... **5W**
- **Steven Gedye** Jnr Elite ... **75<sup>th</sup> in Time Trial**

The overall results of the current and future NADP riders were very pleasing and will make for some fabulous racing throughout the Champbikx and Probikx Series. Aaron Nottle, Tristyn Kronk and Harriet Burbridge Smith were all riding strongly and were in top 4 positions when they crashed in their semi finals. All riders except Steven Gedye travelled to the event with a parent. Team Manager Alex Downing, Assistant Team Managers Sally Howie, Paul Connors and I worked well together to assist all of the Australian riders who competed in the World Titles this year. It was excellent having Andy the team mechanic on board this year as well.

Practice sessions on Tuesday and Wednesday went well for all riders with no issues or crashes. Everyone adjusted to the track and the new format. They were keen to get racing on Thursday starting with the 14 and under challenge class followed by 15, 16, Masters, Junior Elite and Elite racing, practice and Time Trial event with the Cruisers concluding on Sunday.

#### **NADP Team Rider Results**

- **Brandon Te Hiko** – 15 Boys Challenge

Brandon rode exceptionally well throughout practice and racing. Unclipping caused him to lose position and time down the first straight, but because of Brandon's determination, will to win and skill he managed to transfer into the final where he rode with strength and was competitive with the strong competition.

***Result – World 4***

- **Jade Parker** – 16 Girls Challenge

Jade was competing in her fourth World Championship, she had achieved World 3 in Adelaide, World 8 in South Africa, after colliding and crashing on the approach to the first jump and World 1 in Copenhagen. This year Jade was aiming to repeat her performance in Copenhagen. Jade rode well all day despite suffering from a cold since her arrival in Birmingham. Jade had a wide gate which made it difficult to hole shot, but battled on to achieve her result with high class competition.

***Result – World 7***

- **Harriet Burbridge Smith** – 16 Girls Challenge

Harriet missed competing in the World championships in Copenhagen due to a road accident while training for the Worlds last year. She was keen to do well and had a sound competition leading up to the event. Harriet rode with strength and determination throughout her motos and was looking a definite for the final, but unfortunately she made contact with another rider in the second straight when in top 4 position and both riders came down resulting in no transfer in the final.

***Result – semi finalist***

- **Tristyn Kronk** – 16 Boys Challenge

This was Tristyn's second World Title after leading in the first straight and crashing in the corner in Copenhagen last year. Tristyn rode strong and dominated in the motos after competing for the first time since injuring himself at Bunbury at the end of January in the Champbikx Series, unfortunately Tristyn did not transfer into the final after crashing in the pack in the first straight resulting in him not transferring into the final. Tristyn was very competitive with the other riders who were very fast.

***Result – Semi finalist***

- **Aaron Nottle** – 16 Boys Challenge

Aaron rode strongly all day, he was fast in the first straight and had no difficulties with the track. He looked an omen to make the final, but he was caught up in the crash in the semi final with Tristyn and other riders in the first straight, 8 riders do not fit easily over a jump leading into the first corner. It was extremely disappointing to lose two Australian riders in the one incident, but neither were hurt and will be all the stronger for Junior Elite next year.

***Result – semi finalist***

- **Rachel Jones** – Junior Elite Women

Rachel was competing in her third World Title and was keen to improve on her disappointing result in Copenhagen where she did not transfer into the final after hitting the gate. Rachel had achieved World 2 in 15 Girls in Adelaide. This was Rachel's second international World

Title and she had made the HPP team. There were no issues with Rachel handling the SX ramp or the track resulting in Rachel qualifying 4<sup>th</sup> in the Time Trial allowing her to race in the Super Time Trial final where she finished in 5<sup>th</sup> position. On Saturday Rachel made the final and finished 6<sup>th</sup>, an impressive result as a first year Junior Elite rider.

***Result – World 6***

- **Sarah Harvey** – Junior Elite Women

Sarah crashed in the final day of practice in the first straight after being pushed over the side of the step up step down prior to the first corner; she hurt her knee and lost a lot of confidence. Despite this Sarah finished 9<sup>th</sup> in the Time Trial, but did not qualify for the Super Time Trial race, but did allow her time to rest her knee to allow it to recover ready for the race on Saturday. Unfortunately Sarah did not transfer into the final, but will benefit from this experience and will be a stronger rider as a second year Junior Elite in 2013.

***Result – 9<sup>th</sup> in the Time Trial***

**Steven Gedye** – Junior Elite Men

Steven was competing in his first race on a SX ramp, he is a skilled rider who practiced well and was handling the track well. In his debut to SX racing, Steven was nervous about the Time Trial as he knew he only had one lap to qualify in the top 64 riders to race on Saturday. Steven did not have a good lap, he cased jumps he had been jumping cleanly in practice and qualified 75<sup>th</sup>. Steven has learnt from this experience and is more knowledgeable in readiness for his racing as a second year Junior Elite in 2013.

***Result – 75<sup>th</sup> in Time Trial***

I am excited about the depth of talented riders competing in Australia at the moment and look forward to continuing working with the three current National Athlete Development Program riders and the seven new National Athlete Development Program members, seven of whom competed in the World Titles in Birmingham this year. Two of this year's 16 Boys did not requalify for the 2012 –2013 National Athlete Development Program making the competition for the 2012 – 2013 Probikx Series very exciting and a valuable series to develop and prepare the riders for the New Zealand World Championships in July 2013.

**Sharon Willoughby**

**National Athlete Development Program Coach**

## STATE REPORTS

### Australian Capital Territory

2011/12 has been a significant 12 months for ACTBMX and a year of many firsts for this organisation. Among these were the low of postponing our ACT State Championships due to floods, the first time I am aware this has occurred. This was the result of record flooding in Southern NSW, Northern Victoria and the ACT in 35 years. The highlight of 2012 has to go to our first ACT BMX Olympian in Caroline Buchanan and all extremely proud of her and the rest of the Australian BMX Olympic Team.

ACT clubs – During this twelve months we have seen a steady growth in membership numbers in two Clubs and decline in another. This we can attribute to amount of construction activity at this Club in preparation to bring the facility up to National standards. ACT riders – I mentioned Caroline previously but to add to her triumphs this year, was her World 2 ranking and Queen of the time trial, not only during the Supercross Series but also the Olympics. Coupled with Caroline our other ACT girls have excelled this year, Mikayla Rose captained the Australian leg of the Mighty 11's and Abbey Woods along with Felicia Thomas selected in the Australian Mighty 11's Team to Tour NZ in October.

ACT State Team – with a core of 17 riders which include our Dynamites has been in training for just over 12 months. The results are starting to show particularly amongst the girls where we have 4 National plated riders along with a nice handful of State plates.

ACT Officials/ Coaches – Numbers of accredited Coaches and Officials is steadily growing with all Clubs embracing the challenge to see more people undertake the online Level 1 competency. Level 2 Course planned for September 2012.

Preparations are underway for the re-run of the ACT Championships in December, the highlight of this will allow a continual build to the 2013 Nationals through what would normally have seen semester for our riders.

**Steve Thomas**  
**President**

## New South Wales

Life in NSW is never dull. NSW has now been running for some time without the old regional structure. We are seeing good communication and co-operation between the Clubs and State – a major improvement on the political process of years gone by.

NSW has focused on getting a good calendar in operation in 2012, based around a State Series. The State Series has implemented a “standardised” racing format – which is a major focus of the BMXNSW Board – standardizing all aspects of a BMX event apart from the weather and the track. This has proved a major success with improved racing and smooth-running meetings being the order of the day.

Changes to the State Titles and Pre-Titles Race and Mighty 11's Formats have been implemented from late 2011 onwards, with 2012 consolidating those changes. All has been well received and definitely improved both the frequency and standard of racing – benefiting riders right across the State. A major focus on improving the lead-up structure to the Aussies benefited our riders in Mt Gambier. The Australian Titles are a well-oiled and well-balanced event these days – BMXNSW believes BMXA has a good format and process in place.

Coaching and Officiating are the order of the day (getting more thereof) and NSW continues to develop both sides of our sport (though coaches seem harder to motivate than officials). While on the subject of coaching, our State Series rounds offer (paid)

coaching clinics on the Saturday afternoon prior to events which has proven immensely popular and shows the dramatic need out there for more coaches/coaching.

NSW is fully supportive of the Dynamites Series, with this series embedded within our State Series – offering coaching (free) to series leaders on the Saturday afternoon, and great racing on the Sunday. This has proven a great success. NSW however does not support the Crackerjacks development. On several fronts we believe that riders of this age don't need additional focus or "lead in" to higher levels, plus with the positioning of our state titles (not changing any time soon) we are not able to qualify 8-year old Crackerjacks. We strongly request that BMXA leave Dynamites as the entry point into "higher-level" competition.

NSW has developed a pattern of "Forums" – where clubs attend a meeting with State to both be updated on State's plans and ideas, and also to give feedback to State on what they think we are doing wrong (and occasionally doing right). While there has not been the need for bullet-proof vests, these Forums have generated vigorous debate and are an excellent platform for keeping the sport up to date with what is happening.

Lastly (and yes we are probably last), but not least, we have moved into the "electronic age" with the purchase of Transponders and improved radio communication equipment. The NSW Scoring Team has done an excellent job at implementing transponders, and the improved radio communications have made a major difference in running our events. We will slowly increase the usage of our transponder equipment as we further develop our teams of skilled personnel.

The BMXNSW Board realise that we need to consolidate our changes so far, but that we also need to make sure we don't become complacent, and continue to develop the sport for the benefit of riders, parents and clubs alike.

**Neil Cameron**  
**Chairman**

## Northern Territory

The NT had another late start to our year as most riders did not ride a track until after the Aussie titles due to the wet season.

The NT Team Tour went ahead this past year with 24 riders (on average) and 4 coaches traveling to the Nerang Nationals, Track Attack and Bunbury. The riders came away from that trip with a better understanding of where they need to improve to race against the best in Australia.

The NT had a reasonable representation at the Australian titles with 56 riders competing and taking home 15 Aussie plates and 1 Australian Champion.

**Northern Territory State Team 1**

The NT clubs had really good sign on days with better than expected numbers signing on for the new 4 month permits.

The NTBMXA roof and track upgrade of the Jingili BMX facility has received a promise of the extra funding required to complete the project, we anticipate this project to be completed by the end of 2013.

Jason Eceen has run a couple of coaching and officiating courses in the last couple of weeks with decent numbers attending.

**Frank Mitchell.**

**President.**

## Queensland

The state of Qld has over 2907 current members on file as at the 30<sup>th</sup> May. This represents ~35% of the national BMX membership which is very encouraging. From the National Sign on Day which was held earlier in the year nationally we have added ~850 new members.

BMXQ is currently in the process of reviewing the reported 2011 Financial Report along with the signed audit report that was tabled at this years AGM. The initial investigations have found errors in the financial report and thus the audit report. We are in the process of having the reports corrected and updated. We have updated the processes and procedures to ensure all financial reports are accurate.

There has been a change in the BMXQ office staff recently. Fiona Lawson resigned for personal reasons; BMXQ would like to thank Fiona for her contribution not only to the sport within QLD however nationally as well.

BMXQ is pleased to announce the appointment of Kerry Massie to the role of BMXQ Administrative Assistant. Kerry has a young family who has been active within the sport for approximately 2 years and has recently moved to Brisbane from Yeppoon. Kerry has over 15 years of administration experience working with the Cancer Council and TAFE Qld.

This year radio advertising was also used to promote the sign on day. There are a number of Qld clubs that have strong growth through the 4 month license program. As an example the Rockhampton club has over 40 licenses (4 month) and approximately 35 of these riders are in the process of upgrading to an open license.

The number of Aussie plates awarded to QLD riders in 2012 increased by ~23% year on year, which is a great result not only for the riders however the respective State & Zone coaching staff. This is a clear indicator that the work and investment into the coaching staff / equipment and programs is providing positive growth in the overall results.

7 World plates were awarded to the QLD riders at the 2012 World Championships in the UK. This represents ~33% of the total world plates awarded to Australian riders. The level of competition was extremely tough and brutal. Qld rider Desree Barnes is the only World Champion challenge rider in Australia who just happens to be a Queenslander. Congratulations to Desree and all of the riders that participated in the 2012 World Championships in Birmingham.

There have been 8 official courses conducted in QLD over the past 12 months and we are currently in the process of migrating the officials over to the new accreditation process.

There have also been 5 Beginner Coaching courses which achieved over a 95% attendance rate which has led to ~50 new beginner coaches within Qld. BMXQ was successful in a coaching grant specifically for females which lead to 10 new beginner coaches. There were 12 level 1 coaches accredited in the past 12 months.

BMXQ has purchased a corporate license with Ezeventing for 12 months, this allows all QLD clubs to use Ezeventing for any event. Basically the corporate fee covers all BMXQ clubs for any number of events over a 12 month period.

**Winning 2012 QLD Dynamite Team**

We are in the planning process with BMXA and Sleeman Sports Complex for the 2013 National Titles. There is some very exciting potential marketing opportunities and hopefully BMXQ will be in a position to make announcements in the coming months which will assist from a financial perspective to run the event. Stay Tuned.....

Yours in the sport of BMX

**Paul Connors**  
President

## South Australia

Event registration using the eZeventing online registration system is being used for all SA state events. Acceptance by members has increased significantly with members appreciating the ease with which entries can be made. The workload in entering nominations into the BEM system is now much reduced and appreciated by our Race Secretary.

The eZeventing live results service has been very successful and is appreciated by members and others who are able to access the results on the website as they are happening. Streaming race results may be possible later as we become more expert in ensuring that the instant results are accurate.

The state coaching program has been very successful in the past twelve months but we need to build on it for the next year. An improved program has been developed in conjunction with the BMXA HP coaching group. Some care needs to be taken as an intensive program produces results but also can be a very costly program for parents as BMXSA is only able to partly subsidise the costs involved.

There was some worry that termination of the 3 ride Card program might severely inhibit the recruiting of new riders at club level but the new 4 Month Licence is now taking off and seems destined to fill the void. State membership has increased significantly over the last twelve months and the televising of BMX in the Olympics is expected to help considerably. As an indication we have seen sprocket numbers at state events more than double at the new state series events.

South Australia's Brian Kirkham

The 2012 National Championships held at the Blue Lake club in Mount Gambier was the highlight of BMX racing in South Australia this year. Whilst the entries were down somewhat on last year the venue was magnificent. The track and the start hill were spectacular and welcomed by riders, spectators and officials alike not to mention the weather being just what the doctor ordered. Everyone expected rain and dismal days but the Mount really turned it on with clear skies and only one or two light showers during racing.

**Racing at the National Championships**

Subsequent to the Nationals the June long weekend proved to be a most successful racing weekend with the Australian Country Championships on the Saturday and the SA v's VIC challenge on the Sunday. Once again the weather was magnificent with blue skies and some rain overnight but fine days for racing. The SA v's VIC challenge was a clean sweep for the Victorian team, both girls and boys and the South Australians will just have to wait for next year.

South Australian officials have been slow to take up the new NOAS online officiating system but with recent promotion by the SA State Board and individual letters to current state officials we are now seeing a surge of SA officials completing the online course to gain accreditation into the new scheme.

**Vern Wensley**  
**BMX SA Inc.**

## Tasmania

Tasmania has around 86 financial members and 45 non financial members presently. We have had a good growth in numbers throughout 2012 and hope that with the Olympics just being completed this will entice more young riders to try the sport of BMX. Tasmania has experienced a very up and down year we had a successful 2011 State Titles which were held on a brand new track in Launceston which was well supported by mainland riders also Paul McLaughlin bought a team of riders from the Hunter Valley Academy.

Over the Christmas break Southern City BMX Club experienced some very malicious damage when the power supply to the Club was destroyed this meant that the Club was without power until March and relied on generators to be able to hold the club race meetings but thanks to some generous community spirit and kind donations the Club was back and up and running towards the end of March.

**Tasmania's State Team 1**

Tasmania had 9 riders compete at the Nationals at Mt Gambier and they all competed well. Esther Woodward was our only rider to receive an Aussie plate this year but all riders rode well. Esther has since moved to Melbourne to further her skills and she recently got 1st place at the South Eastern Cash Dash, also Tonn Haydon moved to Melbourne and is doing well in A Pro racing.

It seems we have to lose our riders to the mainland for them to get the chance to hone their skills and take advantage of the many tracks and coaching available.

We have had several Committee changes due to resignations and we have all positions filled at present and the Committee is assisting Wynyard in gaining a licence to rebuild a new track in the North West of the State.

Both clubs were approached to sign a Memorandum of Understanding with Cycling Tasmania and after consultation with BMX Australia it was agreed that no affiliation agreements would be undertaken. Cycling Tasmania still honoured all previous arrangements but at this stage no further funding will be available to the State.

BMX Tasmania are to host the State Titles at the Southern City BMX track in Hobart on November 3–4 but at this stage we are still to secure a major sponsor, thanks to BMX Australia who have donated an autographed Olympic top for the State to auction, funds raised will go to the prize pool. Also the State is to put entries on line this year with Ezeventing entries to go on line hopefully 1st September.

The Committee is pushing to get more members to complete their Level 1 Officiating course with BMXA to organise a level 2 course in Tasmania prior to the State Titles.

Thanks to BMXA who are assisting BMX Tasmania by bringing Luke Madill to Tasmania in October to undertake some coaching clinics which will be met with great enthusiasm as we have a lot of young new riders who have taken advantage of the 4 month licence and National Sign on Day and Track Active Days held in both Clubs. The National Sign on Day campaign was very successful in Tasmania and the Clubs gained many new members in the weeks following the National Sign on Day.

BMX Tasmania would like to congratulate the Australian Olympic BMX Team in their efforts in London – well done, you do our sport proud and raised the profile of BMX worldwide.

We hope to see many mainlanders venture across the Tasman and enter the 2012 Tasmanian State Titles.

**Margaret Fitzpatrick**  
**President**

## Victoria

### **Statigic Plan / Good governance.**

In 2011 BMX Victoria and Cycling Victoria took the first step towards developing a working relationship aimed at developing and expanding the sport of BMX in Victoria.

The initiative has since created a role within Cycling Victoria of BMX Manager. The BMX Manager position is developing in its roles and responsibilities as time passes, and is an exciting development for BMX within Victoria.

In 2011/12 the key areas of work revolved around BMXV governance, strategic direction and communication. The first task was to develop plans for the future of BMX in Victoria, these plans were outlined in the BMXV STRATEGIC PLAN 2012 – 2015 – SHAPING OUR SPORT BY CHOICE, NOT BY CHANCE. A facilitator from Sport and Recreation Victoria worked in conjunction with Cycling Victoria and BMXV to consult with members, administration and various key stakeholders in order to create this document.

The new strategic plan is a significant and comprehensive document which gives BMXV and its membership base a clear understanding of the direction and future of BMX in Victoria.

The following have been outlined as the 'Key Pillars' of the sport;

- Our Strategy and Direction
- Our People
- Our Sport
- Our Pathways
- Our Business

The next phase involved the participation in a "Good Governance Project" conducted by Victoria's leading sporting body vicsport. This is a program to benchmark the current position of BMXV in terms operational capacity and initiate processes over the coming years to achieve "best practice" in organisational governance.

The final focus for BMX in this primary year is to enhance the communication practices of the organisation, in an effort to create an effective and efficient system. This is an ongoing process, which continually evolving, and shall prove an exciting venture for BMXV.

### **Partnership and workings with Cycling Victoria.**

This partnership has continued to help with the administration of BMX in Victoria.

### **VSCC– Victorian Schools Cycling Championships**

This is one area that has help grow the sport within Victoria with the last meeting run at South Eastern BMX club attracted close to 40% of novices in the field. That with the

appointment of a film maker to make the sport more attractive via use of social media and you tube TV the buzz and growth has been remarkable.

**Riders at the VSCC**

### **Transponders**

BMX Victoria is about to start running as many as possible meetings using the My-Laps system. This has proven to be a good training tool for riders with the complex reports available that BMX Victoria post after each race meeting. All Members are encouraged to purchase a transponder by January 1<sup>st</sup> 2013

### **Officials**

Official training has been high on the list this year with a drop of new officials coming through the sport. The state has found it difficult with the goal posts moving and changes in accreditation over the past year.

### **Coaching**

Coaching has proved to be an area that has given BMX Victoria the most problems in terms of the lack of coaches within the sport. We have not been able to deliver any coaching accreditation for some time now, this due to the lack of an approved coaching program.

BMX Victoria has rolled out a new level 1 coaching which has been successful with more course booked in later this year.

The Aim for BMX Victoria is to provide free coaching at every club on training night. This will require all clubs having an assortment of level coaches within their team.

Regards

**President**

## Western Australia

BMX in Western Australia has seen another year come and go in what seems like the blink of an eye.

With all our Super Series events over for the 11/12 Season and State Championships held in March this year at Bunbury BMX Club we are now planning for next season, which will see our State Championships move back to October 2013.

The Mylaps Timing system is now in place, and being used at all our State run events, we will also use the system at some Club open day events later this year. Seeing the system now put to use, and allowing the Athletes to have race lap times, has been very beneficial for ongoing training and development. With over half of our purchased transponders now sold to our members this is a great achievement in the first year. Training on the setup and use of the system in line with BEM will be ongoing, and we hope to have a fully trained events team to utilise in the future.

BMXWA have also chosen to use the Ezeventing system for live results at our events, this has also proved to be a valuable tool.

We now have 3 Clubs that have increased their start ramp to above 5 metres, with Eastern Goldfields having just completed a major track/ramp upgrade. And other clubs around the state are looking to complete major track works in the near future.

The Department of Sport & Recreation, along with ASC has introduced a Healthy Club Online checklist for all clubs, allowing them to complete as a group and then receive a detailed report outlining each Clubs strengths and weaknesses. This in turn allows the State Association and DSR to also understand where they can best assist clubs, with future planning, policies and guidelines and development.

BMXWA have conducted a group Club seminar enabling them to complete the online questionnaire and meet their local Club Development person from their individual Shire Councils. We have found this to be a great benefit to clubs getting to know their Councils, enabling them greater access and assistance in Club related matters, grant and funding information and in some cases training and development for their committee. We will continue to work with all WA clubs and local Shire Councils to ensure they have a better relationship moving forward.

**Volunteers are ordinary people making an extraordinary contribution.  
They truly are the spirit of the BMX community!**

In the last twelve months BMXWA have introduced a program to recognise our Volunteers at both Club and State level. We understand that without the help of volunteers we would not be able to operate.

We ask Clubs to submit a name each month to be in the draw for WA Volunteer of the month winning a \$100 voucher, and being presented by the Club the voucher and a certificate. The winners name and photo and sometimes a short story about duties they have performed around their club go up onto our website and into the Enews for all to see.

This will kick off for the first time this year at our annual awards night. All Clubs to put in one name of a volunteer that has contributed throughout the year to go into a final draw. This can be one of the monthly volunteers or someone different. Winner will be drawn at Annual Awards Night. Winner will receive a full BMXWA membership for the year up to the value of \$150.

Volunteer duties will continue at Super Series. Every rider wishing to qualify for 2011/2012 Super Series must provide a Volunteer for a minimum of 1 x motos over the course of the season. A register of volunteers will be kept by BMXWA. At the end of 2011/2012 Super Series Season year all Volunteer names will go into the draw to win a Full year of Super Series fees paid to the value of \$165. To be drawn at Annual Awards Night.

With the introduction of the new BBC & level 1 courses, to date we have 16 newly accredited Beginner Coaches, and aim to have another group through before the end of the year. Two of our existing coaches are now in the final stages of their Level 2 Accreditation. Our aim is to be able to have a minimum number of coaches in every Club to be able to service the number of new and existing riders coming through. It is great to be able to offer new members training and coaching, as well as racing.

With the new IMG online membership licencing system now in place, WA Clubs have taken to it well, with an average of over 90% (check this) using the online system to become new or renewing members. BMXWA have also developed an E-newsletter that is distributed monthly to all our members through this system. With continued improvements also being made to the eventing side, we have now been using the system for about 3+ years. Our paper nomination forms for events are almost a thing of the past. BMXWA and our Clubs also utilise the email system through the IMG database, this takes off the need to have many different lists and contact sheets.

With the ongoing development of this program, we saw 17 members being selected for the State Squads for 2011/12. Travelling to some of the events as a squad together was definitely a learning curve for all of us. Invitations from the National HPP Coaches meant some of our Athletes were able to learn and experience what it is like to train and practice at the Elite level. The BMXWA Board have also agreed to continue the support for the upcoming season of 2012/13 Squads. Greater access to WAIS is on the radar for us next season.

Strategic planning has been a major focus for us over the last 12 months, with a new plan in place for the next three years we can now concentrate on achieving the goals we have set. DSR play a major role in assisting us develop plans and programs for BMX in WA, and also involve us with outer diverse regional areas that we plan to visit later in 2012.

**Matt Butterworth**  
President

## NATIONAL RESULTS

## BMX Australia National Probikx Tour

Rounds 1 & 2: Nerang QLD, Rounds 3 & 4: Bunbury WA, Rounds 5 & 6: Melba ACT, Round 7: Mount Gambier, SA

## Junior Women

|                 |     |
|-----------------|-----|
| 1 Rachel Jones  | NSW |
| 2 Sarah Harvey  | QLD |

## INTERNATIONAL RESULTS

## 2012 UCI BMX Supercross World Cup

## UCI BMX Supercross #1 – Chula Vista, USA 31 March, 2012

## Elite Women

- 1 Magalie Pottier (FRA)
- 2 Laetitia Le Corguille (FRA)
- 3 Amanda Geving (USA)
- 4 Alise Post (USA)
- 5 **Caroline Buchanan (AUS)**
- 6 Amanda Carr (USA)
- 7 **Lauren Reynolds (AUS)**
- 8 Brooke Crain (USA)

## Elite Men

- 1 Connor Fields (USA)
- 2 **Sam Willoughby (AUS)**
- 3 David Herman (USA)
- 4 Marc Willers (NZL)
- 5 Tory Nyhaug (CAN)
- 6 Twan Van Gendt (NED)
- 7 Joey Bradford (USA)
- 8 Maris Strombergs (LAT)

## UCI BMX Supercross #2– Randaberg, NOR 14 April, 2012

## Elite Women

- 1 **Caroline Buchanan (AUS)**
- 2 Magalie Pottier (FRA)
- 3 Alise Post (USA)
- 4 Vilma Rimsaite (LTU)
- 5 Arielle Martin (USA)
- 6 Melinda McLeod (AUS)
- 7 Laetitia Le Corguille (FRA)
- 8 Sarah Walker (NZL)

## Elite Men

- 1 Connor Fields (USA)
- 2 **Sam Willoughby (AUS)**
- 3 Carlos Mario Oquendob Zabala (COL)
- 4 Quentin Caleyron (FRA)
- 5 **Brian Kirkham (AUS)**
- 6 Liam Phillips (GBR)
- 7 Tory Nyhaug (CAN)
- 8 **Khalen Young (AUS)**

## UCI BMX Supercross #3– Papendal , NED 13 May, 2012

## Elite Women

- 1 Alise Post (USA)
- 2 **Caroline Buchanan (AUS)**
- 3 Laetitia Le Corguille (FRA)
- 4 Amanda Geving (USA)
- 5 Magalie Pottier (FRA)
- 6 Brooke Crain (USA)
- 7 Aneta Hladikova (CZE)
- 8 Laura Smulders (NED)

## Elite Men

- 1 Maris Strombergs (LAT)
- 2 **Sam Willoughby (AUS)**
- 3 David Herman (USA)
- 4 Carlos Alberto Ramirez Yopez (Col)
- 5 Marc Willers (NZL)
- 6 Twan Van Gendt (NED)
- 7 Quentin Caleyron (FRA)
- 8 Tory Nyhaug (CAN)

## UCI BMX Supercross #4– Abbotsford ,CAN 15 September, 2012

## Elite Women

- 1 Laura Smulders (NED)
- 2 **Kirsten Dellar (AUS)**
- 3 Abbie Taylor (GBR)
- 4 Merle Van Benthem (NED)
- 5 **Caroline Buchanan (AUS)**
- 6 **Lauren Reynolds (AUS)**
- 7 Felicia Stancil (USA)
- 8 Brooke Crain (USA)

## Elite Men

- 1 Twan Van Gendt (NED)
- 2 **Sam Willoughby (AUS)**
- 3 **Brian Kirkham (AUS)**
- 4 Tory Nyhaug (CAN)
- 5 Barry Nobles (USA)
- 6 Connor Fields (USA)
- 7 **Anthony Dean (AUS)**
- 8 Nicholas Fox (NZ)

## UCI BMX World Championships Birmingham, England

### 5 & 6 Boys

- 1 Dane Morales (USA)
- 2 Linkin Garcia (USA)

## Age Breakdown 2011/12

| Age Groups | Total |
|------------|-------|
| 3-10       | 3568  |
| 11-20      | 2762  |
| 21-39      | 427   |
| 31-40      | 687   |
| 41-50      | 644   |
| 51-100     | 125   |
| Total      | 8213  |

## Gender 2011/12

| Gender |      | %      |
|--------|------|--------|
| Male   | 6806 | 82.87% |
| Female | 1407 | 17.13% |
| Total  | 8213 | 100%   |

## FINANCIAL STATEMENTS

**BMX Australia Inc.****ABN 91 905 251 034**

Financial report  
For the year ended 30 June  
2012

**BMX AUSTRALIA INC.**  
**ABN 91 905 251 034**

**COMMITTEES' REPORT**

The committee members present their report together with the financial report of BMX Australia Inc. (the Association) for the year ended 30 June 2012 and auditors report thereon.

**Committee members names**

The names of the committee members in office at any time during or since the end of the year are:

Kim Braybon Resigned 5 November 2011

Steve Dinmore Vice President Resigned 5 November 2011

Stephen Dixon Vice President Appointed 5 November 2011

Sally Howie

Barry Knight President

Andy Mellish

Cameron Murray Appointed 5 November 2011

Abe Schneider

The committee members have been in office since the start of the year to the date of this report unless otherwise stated.

**Results**

The profit of the Association for the year after providing for income tax amounted to \$86,730.

**Review of operations**

The Association continued to engage in its principal activity, the results of which are disclosed in the attached financial statements.

**Significant changes in state of affairs**

There were no significant changes in the Association's state of affairs that occurred during the financial year, other than those referred to elsewhere in this report.

**Principal activities**

The principal activity of the Association during the year was the promotion and administration of the sport of BMX cycling.

No significant change in the nature of these activities occurred during the year.

Signed on behalf of the members of the committee.

Committee member:

Barry Knight

Committee member:

Sally Howie

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2012**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose financial report prepared in order to satisfy the financial report preparation requirements of the *Associations Incorporation Act 1991 (ACT)*. The committee has determined that the Association is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs, which do not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The financial report was approved by the committee as at the date of the committees' report.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

**(a) Revenue**

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of the goods to the customer.

Revenue from the rendering of services is recognised upon the delivery of the service to the customers.

Royalties revenue is recognised on an accruals basis in accordance with the royalty agreement.

Finance and insurance revenue is recognised when the right to receive finance and insurance revenue has been established.

All revenue is stated net of the amount of goods and services tax (GST).

**(b) Government grants**

Government grants are recognised at fair value when there is reasonable certainty that the grant will be received and all grant conditions met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Grants relating to depreciable assets are credited to deferred income and are recognised in profit and loss over the period and in the proportions in which depreciation expense on those assets is recognised.

Grants relating to depreciable assets are credited to deferred income and are recognised in profit and loss over the period and in the proportions in which depreciation expense on those assets is recognised.

**(c) Cash and cash equivalents**

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

**BMX AUSTRALIA INC.**  
**ABN 91 905 251 034**

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2012**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**(d) Property, plant and equipment**

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and any accumulated impairment losses.

*Plant and equipment*

Plant and equipment is measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by committee to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

*Depreciation*

The depreciable amount of all fixed assets are depreciated over their estimated useful lives commencing from the time the asset is held ready for use.

**(e) Impairment**

Assets with an indefinite useful life are not amortised but are tested annually for impairment in accordance with AASB 136. Assets subject to annual depreciation or amortisation are reviewed for impairment whenever events or circumstances arise that indicates that the carrying amount of the asset may be impaired.

An impairment loss is recognised where the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of an asset is defined as the higher of its fair value less costs to sell and value in use.

**(f) Provisions**

Provisions are recognised when the Association has a legal or constructive obligation, as a result of past events, for which it is probable that an out flow of economic benefits will result and that outflow can be reliably measured.

**(g) Leases**

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

*Operating leases*

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as an expense on a straight-line basis over the term of the lease.

Lease incentives received under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

**ABN 91 905 251 034**

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2012**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**(h) Employee benefits**

*(i) Short-term employee benefit obligations*

Liabilities arising in respect of wages and salaries, annual leave, accumulated sick leave and any other employee benefits expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled. The expected cost of short-term employee benefits in the form of compensated absences such as annual leave and accumulated sick leave is recognised in the provision for employee benefits.

*(ii) Long-term employee benefit obligations*

Liabilities arising in respect of long service leave and annual leave which is not expected to be settled within twelve months of the reporting date are measured at the present value of the estimated future cash outflow to be made in respect of services provided by employees up to the reporting date.

Employee benefit obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

**(i) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**(j) Comparatives**

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

**STATEMENT BY MEMBERS OF THE COMMITTEE**

The committee has determined that the Association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee the financial report as set out on pages 3 - 9:

1. Presents fairly the financial position of BMX Australia Inc. as at 30 June 2012 and performance for the year ended on that date.
2. At the date of this statement, there are reasonable grounds to believe that BMX Australia Inc. will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the committee and is signed for and on behalf of the committee by:

Committee member:

Barry Knight

Committee member:

Sally Howie

Dated this 28<sup>th</sup> day of October 2012

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BMX AUSTRALIA INC.

We have audited the accompanying financial report, being a special purpose financial report, of BMX Australia Inc., which comprises the statement of financial position as at 30 June 2012 and the statement of comprehensive income for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the governing committee's declaration.

#### *Responsibility of Those Charged With Governance*

The governing committee is responsible for the preparation and fair presentation of the financial report and has determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Associations Incorporation Act 1991 (ACT)* and financial reporting needs of the members.

The governing committee's responsibility also includes such internal control as the governing committee determine is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the association's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by those charged with governance, as well as evaluating the overall presentation of the financial report.

BMX AUSTRALIA INC.  
ABN 91 905 251 034

PITCHER PARTNERS

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF BMX AUSTRALIA INC.**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Independence*

In conducting our audit, we have complied with APES 110 *Code of Ethics for Professional Accountants*.

*Opinion*

In our opinion, the financial report presents fairly, in all material respects, the financial position of BMX Australia Inc. as of 30 June 2012 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial report and the financial reporting requirements of the *Associations Incorporation Act 1991 (ACT)*.

*Basis of Accounting*

Without modifying our opinion, we draw attention to Note 1 in the financial report, which describes the basis of accounting. The financial report has been prepared to assist BMX Australia Inc. to meet the requirements of the *Associations Incorporation Act 1991 (ACT)* and the financial reporting needs of the members as determined by the governing committee. As a result, the financial report may not be suitable for another purpose.

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2012**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose financial report prepared for use by the directors and members of the company. The directors have determined that the company is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs, which do not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

**(a) Revenue**

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of the goods to the customer.

Revenue from the rendering of services is recognised upon the delivery of the service to the customers.

Nominations and other revenue are recognised when the right to receive the revenue has been established.

All revenue is stated net of the amount of goods and services tax (GST).

**(b) Government grants**

Government grants are recognised at fair value when there is reasonable certainty that the grant will be received and all grant conditions met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Grants relating to depreciable assets are credited to deferred income and are recognised in profit and loss over the period and in the proportions in which depreciation expense on those assets is recognised.

Grants relating to depreciable assets are credited to deferred income and are recognised in profit and loss over the period and in the proportions in which depreciation expense on those assets is recognised.

**(c) Cash and cash equivalents**

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

**(d) Property, plant and equipment**

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and any accumulated impairment losses.

**BMX EVENTS AUSTRALIA PTY LTD**  
**ABN 35 075 442 081**

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2012**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**(d) Property, plant and equipment (Continued)**

*Plant and equipment*

Plant and equipment is measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

*Depreciation*

The depreciable amount of all fixed assets are depreciated over their estimated useful lives commencing from the time the asset is held ready for use.

**(e) Impairment**

Assets with an indefinite useful life are not amortised but are tested annually for impairment in accordance with AASB 136. Assets subject to annual depreciation or amortisation are reviewed for impairment whenever events or circumstances arise that indicates that the carrying amount of the asset may be impaired.

An impairment loss is recognised where the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of an asset is defined as the higher of its fair value less costs to sell and value in use.

**(f) Leases**

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

*Operating leases*

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as an expense on a straight-line basis over the term of the lease.

Lease incentives received under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

**(g) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**INDEPENDENT AUDITOR'S REPORT  
 TO THE MEMBERS OF BMX EVENTS AUSTRALIA PTY LTD**

We have audited the accompanying financial report, being a special purpose financial report, of BMX Events Australia Pty Ltd, which comprises the statement of financial position as at 30 June 2012 and the statement of comprehensive income for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

*Directors Responsibility for the Financial Report*

The directors of the company are responsible for the preparation of the financial report and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the financial reporting requirements of the constitution.

The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

BMX EVENTS AUSTRALIA PTY LTD  PITCHER PARTNERS  
ABN 35 075 442 081

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF BMX EVENTS AUSTRALIA PTY LTD**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Independence*

In conducting our audit, we have complied with APES 110 *Code of Ethics for Professional Accountants*.

*Opinion*

In our opinion, the financial report presents fairly, in all material respects, the financial position of BMX Events Australia Pty Ltd as at 30 June 2012 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial report.

*Basis of Accounting*

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the directors of BMX Events Australia Pty Ltd to meet the financial reporting responsibilities under the Constitution. As a result, the financial report may not be suitable for another purpose.

**DISCLAIMER  
TO BMX EVENTS AUSTRALIA PTY LTD**

We have compiled the accompanying additional financial data presented on pages 11 and 14 in accordance with the books and records of the company, which have been subjected to auditing procedures applied in our statutory audit of the company for the year ended 30 June 2012.

Our statutory audit did not cover all details of the additional financial data. Accordingly, we do not express an opinion on such financial data and we give no warranty of accuracy or reliability in respect of the data provided. Neither the firm nor any member or employee of the firm undertakes responsibility in any way whatsoever to any person (other than BMX Events Australia Pty Ltd) in respect of such data, including any errors or omissions therein however caused.

*The responsibility of the directors*

The directors of BMX Events Australia Pty Ltd are solely responsible for the additional financial data and have determined that it is appropriate to meet their needs.

*Our responsibility*

Our procedures use accounting expertise to collect, classify and summarise the financial information provided to us, to compile the additional financial data in accordance with APES 315 *Compilation of Financial Information*. Our procedures do not include verification or validation procedures. No audit or review has been performed and accordingly no assurance is expressed.
