## **Sport Integrity Australia App**

Any athlete and official can download the SIA app. The SIA App has been designed with athletes in mind.

The App gives a complete list of all supplements sold in Australia that have been screened for prohibited substances by an independent laboratory. The testing and certification of sports supplements cannot provide athletes a 100% safety guarantee but does significantly lower the risk of a positive test. For non-tested supplements the App gives athletes access to a quiz to assess the risk posed by highlighting key risk factors.

The App can also be used to report doping, check if a medication is banned in sport, give SIA feedback on testing missions, and complete online education modules.
