

The Bell Helmets

Track Event 2022

The Choice of Professionals

Saturday March 5th, 2022

The Footscray Cycling Club

For anyone unfamiliar with the Footscray Cycling Club, it is one of the oldest and most respected clubs in Victoria. We have between 100-200 members and provide for racing all year round. We are affiliated with Cycling Victoria and are regularly represented in Open races (conducted by CV).

During the Road Season (April-October), we conduct racing over a number of different circuits ranging in distance from 75 KM to 125 KM. On any given Saturday or Sunday, there'll usually be 50-80 riders, so everyone is assured of good racing. Little River races start from the club rooms at the Little River Cricket Ground. Maude/Meredith races start from the Maude Tennis Courts. Balliang races start from Balliang Hall. Lethbridge races start from Lethbridge Hall.

Some races are restricted to Club members.

During the Criterium season (October-March), we have races on Thursday evenings (VU circuit in Hoppers Crossing) and weekend mornings Saturdays at the VU circuit in Hoppers Crossing or Sundays at Drake Blvd in Altona.

We are a community sporting club promoting and supporting the whole of cycling - Road, Track, MTB, CX, BMX and everything in between.

Our club is diverse and inclusive.

To find out more visit our website at

<https://brunswickcyclingclub.teamapp.com/>

The Brunswick Velodrome is a sacred place - it is rich in history and a place for all. Located on the Merri Creek bike path, it is easily accessed and on any given day full of people just having fun riding their bikes.

The Velodrome, on Harrison Street, is the home of the Brunswick Cycling Club.

The first open race to be held under the lights was a carnival to raise funds to support the wife and family of the late Dick Carson. The generous gesture was an idea of Henry Hill's and you can see that culture of generosity resonating through the club today through club stalwarts like Cam Mcfarlane and Dave Morgan. Speaking of Cam, we all know about the famous Thursday night motor pace training, well this was the year it all started at Harrison Street.

It's no coincidence that Bell is both the first name in speed and the first name in helmets. Born in the 1950's California hot rod and racing scene, Bell founder Roy Richter built an entire industry anticipating the unmet needs of those with a speed-hungry disposition. People wanted to drive fast ... he corralled all the go-fast parts he could find into the world's first speed shop. They wanted to race ... he built them race cars. And when the need-for-speed started to reveal some grim realities, Roy did something about that too and Bell Helmets was born.

Originally known as the Carnegie Amateur Cycling club, the club traces its history back over 100 years.[1] Early races were typically handicap races over 10–60-mile road courses, often starting at the Rosstown Hotel before making their way along Dandenong Road.

During the 1950s, Carnegie track racing, held at its local track Packer Park, drew crowds of up to 4000 spectators watching some of Australia's best amateur and professional riders. The quality of Carnegie's track racing was a key driver behind the push by the NSW Cycling Union to move the 1956 Melbourne Olympics Track Cycling programme to the Carnegie velodrome after delays in the resurfacing of the Olympic Park Velodrome. Although the push did not succeed – the Olympic Track program was held at Olympic Park – subsequent issues with the Olympic Track created a second push to move the Australian Titles (to be held after the Olympics) to the Carnegie Velodrome. Club logo circa 1980

The club also played a big part in the local community, in particular through its support for the Oakleigh Carnival. Around this time, the club formalised the first incarnation of its junior program recorded in 1931 after early success in the Victoria Club Premierships. At the same time, Carnegie's senior team also won major races.

The Blackburn Cycling Club is an Australian Road and Track Cycling Club first established in 1946 by George Robinson of Rob's Cycles in Blackburn.

Blackburn has built a clubhouse and track for itself at the East Burwood Reserve near the corner of Springvale Rd and Burwood Highway. The clubhouse has weights, training bikes, loan track bikes for new riders as well as a kiosk. Club coached training sessions are held there throughout the year as are all our meetings. All members are always welcome to use the facilities. The club also has a number of accredited coaches to assist with training, bike position and handling as well as any other questions you may have. Blackburn holds racing, training and club rides throughout the year. Over summer we hold track racing every Saturday and training in the evenings during the period of daylight savings. In conjunction with other clubs we also have street races, called criteriums, over summer.

In Autumn, Winter and Spring, we hold road races and criteriums in a variety of locations, again in conjunction with other clubs in the South and South East areas of Melbourne. Blackburn is committed to providing safe, exciting, well-organised and friendly events for all riders.

Laurie Norris & Glenn Wilkins
Proudly present The Bell Helmets Track Event.

We very much appreciate and thank our fantastic group of sponsors for their generosity.
Without their valued support we couldn't offer a full program of junior and senior racing.
To our fantastic officials, We Thank You for giving your valuable time at no cost to present today's racing.
To the riders from far and wide, Thanks for participating in our great event.

We urge you to support our valued sponsors whenever possible.

Thank You

Laurie Norris/Glenn Wilkins – Promoters

STRATUS MIPS®

The Stratus combines lightweight aero efficiency with cutting-edge comfort technologies. The shape was refined for all-around road performance—ventilated for long climbs but still fast for the flats—and the integrated Float Fit system offers comfort and security with a streamlined fit and an oversized dial that's easy to adjust with one hand. The Overbrow Ventilation system pulls cool air in through the front and pushes it through an air-channel matrix to reduce overheating. And thanks to the adjustable No-Twist Tri-Glides, the straps stay flat and properly positioned no matter how hard you're hammering.

We take pride in supporting independent retailers. We do this by having...

- A wide range of product
- High stock levels (on average we are 98% in stock)
- Easy ordering systems
- Fast dispatch
- Experienced staff at your disposal &
- A quality wheel building facility

Plus we are a Trade Only Wholesaler, we do NOT sell to the public.

**WE'RE AVAILABLE
IN STORE AND ONLINE**

72 BELL ST, HEIDELBERG HEIGHTS

IVANHOECYCLES.COM.AU

**IVANHOE
CYCLES**

Early 2012 we introduced the Ivanhoe Cycles MEGASTORE! Located at 72 Bell Street, Heidelberg Heights, the new store has taken off like a rocket. And believe me - it's lives up to it's name.
