

Communiqué from the Commissaire Panel n° : 1

Name of the race: National Championships

Class: CN

Format: GE

Category: All

Place: Red Hill, VIC, AUS

Date: 21/10/2022

Time: 8:40pm AEDT

The event will start in the race registration area. Transponders need to be activated at this point before you begin the first liaison stage.

Water is only available in the tech feed zone and no other area (tech feed zone is in the event village within the liaison stage between stage 5 and stage 6). You must be entirely self-sufficient until the tech feed zone. This includes there being no shuttling permitted at all during the event. The liaison stage between stage 5 and stage 6 includes the technical assistance zone which is the only location permissible to take on assistance.

The allocated time for the liaison stage prior to stage 6 has been adjusted to allow for use of the Feed/Tech zone.

Victorian Road Rules must be followed at all time - this includes wearing an AS2063 helmet at all times.

You are considered to have finished the course when you return your transponder after the liaison stage following stage 6 at the timing tent located at registration.
